

## Pins Presented By Indiana Gas

Five employees of the Columbus district of the Indiana Gas and Water company were honored with service pins at the annual picnic Saturday at Brown county state park.

The five men and number of years they have served the company are William W. O'Laughlin, 35 years; David Sullivan, 20; Lawrence Decker, 10; Raymond Dunn, 10; and Keith Thompson, five.

Mr. O'Laughlin, Columbus, district manager, made the presentation. He stated, "Service is one of the mainstays of our company. It is because of the loyal service of folks like these that we are able to render prompt, courteous and efficient service. These employees know their business. Experience over the years has taught them. And either directly or indirectly, every local customer is the beneficiary."
