

**Level out
next
winter's
heating
bills.**

**Apply now for our
Budget Payment Plan**

Over 98,000 Indiana Gas customers use the Budget Payment Plan. A major convenience of the Plan is that it helps you manage your monthly household heating costs. Equal monthly budget payments "level out" the higher monthly bills that otherwise would come next winter. And there's no extra cost for this service. Your estimated gas heating cost for the budget payment year will be spread equally over the eleven months of July 1980 through May 1981. A settlement bill will be issued in June 1981.

Apply now

An application card is enclosed with your June bill. Please mail the application promptly as the new Plan starts in July. Or apply in person or by phone at your local Indiana Gas Company office.

* No need to apply if you're now on the Budget Payment Plan.
